

PURE SIMPLE ITALIAN

# X BATHWARE INTRODUCTION

Where Design Meets Flow

At X Bathware, we believe your bathroom is more than a functional space - it's a reflection of style, comfort, and personality. Our creations are inspired by modern living and crafted with precision to bring you the perfect harmony of beauty and performance.

Each product is designed to elevate your daily experience from the smooth flow of water to the refined finishes that define luxury. With innovation at the heart of our brand, we continue to shape spaces that inspire relaxation & rejuvenation.

# X BATHWARE

## OUR PHILOSOPHY

Luxury that Flows Effortlessly

We don't just design bathware -  
we design experiences.

Every Sanitaryware, & accessory  
reflects a commitment to quality,  
innovation, & elegance.

Our design philosophy focuses on:

- **Minimalism with purpose:**  
clean lines and functional  
elegance.
- **Precision engineering:**  
ensuring durability and flawless  
flow.
- **Sustainable innovation:**  
saving water without  
compromising performance.

## FEATURES

**Rimless design** eliminates  
hidden edges, ensuring superior  
hygiene and effortless cleaning.

**360° Rapid Flush** delivers  
powerful, uniform cleaning in  
seconds.

**Box Rim construction**  
ensures uniform water flow  
for efficient, reliable cleaning.

**Washdown Flush** delivers  
powerful, direct water flow for  
effective and reliable cleaning.

**Dual Cyclone Siphonic Flush**  
technology delivers powerful,  
quiet, and efficient waste removal.

**3D Tornado Siphonic Flush**  
creates a powerful swirling action  
for complete, efficient cleaning.

**S-trap design** allows vertical  
floor outlet installation for  
efficient drainage.

**P-trap design** enables horizontal  
wall outlet installation for efficient  
drainage.

# PRECISION

# PIONEERING

*At the heart of our craftsmanship lies PionEneering — a seamless blend of pioneering vision & advanced engineering mastery.*

*It embodies our philosophy of innovation: creating designs that are pure in form, simple in function, and perfected through Italian precision. From the selection of premium materials to our automated production processes, every stage reflects an unwavering pursuit of quality, sustainability, and timeless elegance. PionEneering captures the harmony between creativity & technology — shaping solutions that are cleaner, smarter, & built to inspire the modern world.*

X Bathware – Care Guide for Basins & Water Closets

1. Clean regularly with mild soap Use a soft cloth or sponge with mild, pH-neutral soap and water. Rinse thoroughly and wipe dry to prevent water marks.	5. Wipe limescale & iron deposits early In hard-water areas-especially places with high iron content-reddish stains or iron deposits may form. Wipe surfaces after use & clean regularly with a gentle, non-abrasive limescale & iron-removal cleaner safe for ceramics.
2. Avoid harsh chemicals & acids Do not use strong acids, bleach, drain cleaners, or abrasive powders. These can damage the ceramic glaze and reduce shine.	6. Avoid dye & hair color stains Hair dyes, strong cosmetics, or chemical solutions may stain the surface. Rinse immediately if spills occur.
3. No abrasive tools Avoid steel wool, hard brushes, or scouring pads. Always use soft cloths, non-scratch sponges, or soft-bristle brushes.	7. Keep metal objects dry Avoid leaving wet metal items (razors, cans, tools) on ceramic surfaces, as they may rust and leave permanent marks.
4. Prevent impact & heavy loads Do not stand, or place heavy objects on the basin or water closet. Sudden impact may cause cracks or invisible damage.	8. Check fittings & seals regularly Inspect seat hinges, mixers, and silicone joints periodically. Tighten loose parts and replace worn seals to prevent leaks and damage.

এক্সবাথ ওয়্যার (X Bathware) – বেসিন ও ওয়াটার ক্লসেট রক্ষণাবেক্ষণ গাইড

১. নিয়মিত পরিষ্কার করুন মৃদু সাবান (Mild Soap) এবং নরম কাপড় বা স্পঞ্জ ব্যবহার করে পরিষ্কার করুন। পানির দাগ পড়া রোধ করতে ধোয়ার পর শুকনো কাপড় দিয়ে মুছে ফেলুন।	৫. আয়রন বা পানির দাগ দ্রুত মুছে ফেলুন যেসকল এলাকায় পানিতে আয়রনের পরিমাণ বেশি, সেখানে বেসিন ও কমোডে লালচে দাগ পড়ার প্রবণতা থাকে। ব্যবহারের পর জায়গাটি মুছে রাখুন এবং সিরামিকের জন্য নিরাপদ এমন ক্লিনার দিয়ে নিয়মিত পরিষ্কার করুন।
২. হার্ড কেমিক্যাল ও অ্যাসিড পরিহার করুন শক্তিশালী অ্যাসিড, ব্লিচ, ড্রেন ক্লিনার বা অমসৃণ পাউডার ব্যবহার করবেন না। এগুলো সিরামিকের গ্লেজ বা উজ্জ্বলতা নষ্ট করে দিতে পারে।	৬. রঙ বা হেয়ার ডাই থেকে সতর্ক থাকুন চুলের কলপ (Hair dye), কড়া প্রসাধনী বা কেমিক্যাল সলিউশন পড়লে সাথে সাথে পানি দিয়ে ধুয়ে ফেলুন। দেরি হলে স্থায়ী দাগ বসে যেতে পারে।
৩. অমসৃণ বা শক্ত কিছু ব্যবহার করবেন না পরিষ্কার করার সময় স্টিল উল (Steel wool), শক্ত ব্রাশ বা স্কচ ব্রাইট প্যাড ব্যবহার করা থেকে বিরত থাকুন। সবসময় নরম কাপড় বা নরম ব্রাশ ব্যবহার করুন।	৭. ভেজা ধাতব বস্তু রাখবেন না বেসিন বা সিরামিকের ওপর ভেজা রেজার, ফোমের ক্যান বা ধাতব যন্ত্র ফেলে রাখবেন না। এতে জং ধরে স্থায়ী দাগ সৃষ্টি হতে পারে।
৪. আঘাত বা অতিরিক্ত ভার থেকে সাবধান বেসিন বা কমোডের ওপর দাঁড়াবেন না কিংবা ভারী কোনো বস্তু রাখবেন না। হঠাৎ কোনো আঘাত বা অতিরিক্ত চাপে এতে ফাটল ধরতে পারে।	৮. ফিটিংস ও জয়েন্ট চেক করুন নিয়মিত সিট কভারের হিংজ (Hinges), মিস্ত্রার এবং সিলিকন জয়েন্টগুলো পরীক্ষা করুন। কোথাও লিক বা টিলামনে হলে দ্রুত ঠিক করে নিন।

TECHNICAL SPECIFICATION

SPECIFICATIONS	EN STANDARD	X BATHWARE
Modulus of rupture (MOR)	520 kg/cm2	560 to 580 kg/cm2
Water absorption	0.50%	0.20%
